Welcome

Welcome back to Rowan Class for Term 2! We are excited to continue our learning journey together. Every child remains an important part of our class community, and we value their contributions, achievements and progress. As we head towards the Christmas season, we look forward to creating special memories, celebrating successes and helping every pupil grow in confidence while working towards their individual goals.

This term our book is…

Curriculum

This term, Rowan Class will continue to build important skills across the curriculum through engaging and practical learning experiences.

In Maths, we will focus on money, addition and subtraction, developing confidence in recognising coins and notes, calculating amounts and solving real-life money problems.

In English, we will continue reading Harry Potter to develop comprehension, vocabulary and discussion skills. We will also continue to explore explanation texts, learning how to organise information clearly and explain processes effectively.

In PSHE, pupils will learn about puberty, exploring the physical and emotional changes that happen as children grow and develop. Lessons will promote understanding, confidence and respect in a safe and supportive environment.

In Science, our topic is Light and Shadows. Pupils will investigate different light sources, explore how shadows are formed and discover how light helps us to see the world around us.

In PE, pupils will take part in invasion games, developing teamwork, communication, decision-making and ball skills through a range of fun and active sessions.
