

Work Experience Update

James from Aqua Class is working alongside the Catering Team in the school kitchen every Tuesday lunchtime. Bridgette the Catering Supervisor has given the following account of James’ work experience.

Firstly, James puts his apron and hat on then follows the hand washing instructions, which he does superbly. He counts and prepares all of the pupil’s desserts alone and then with Teresa and I. James uses the microwave for some pupils specialised meals and records the heated temperatures. James helps with the delivery of the lower school meals. Sue (Midday Supervisor) said “He was a huge help and fantastic trolley driver!”

James helps plate up the upper school meals by placing the correct meal on the correct plates, cling wrapping and placing them in the Bain Marie to keep warm. Once this is done James labels up the plates, ready for the next day. James was able to follow instructions extremely well even remembering to get himself ready for the next task before being asked, he is an absolute pleasure to teach in the kitchen. Well done James!

Ben from Aqua Class and Finley from Jade class work in the School Office as part of their weekly work experience. They have been busy offering support and assistance to the Office Team. This involves welcoming school visitors, photocopying, checking class registers and answering the phone. Both Ben and Finley are growing in confidence and enjoying their weekly work experience with the office team. Well done Ben and Finley!

Reuse and Grow Competition

Jade, Turquoise and Gold Classes have joined forces to enter Lincolnshire Agricultural Society 'Reuse and Grow Competition'. Pupils were tasked with the challenge of researching, designing and creating a miniature 'Show' garden with a key emphasis on reusing plastics. Jade Class researched how they might include recycled plastics in their design. Turquoise Class selected flowers carefully to attract wildlife and Gold Class created bird feeders and a mini beast hotel to encourage our natural wildlife into our 'Reuse and Grow Garden'. Our resident horticultural expert Pat was on hand to offer advice and support the project. We look forward to hearing the results as the virtual judging will take place on 23rd June.
