Labelling Personal Items

With the new school year approaching please can we remind parents/carers to clearly label your child's personal items. This includes all school uniform, lunchboxes, school bags and coats etc, thank you.

Lockdown 2020 time-capsule

Yesterday Red Base dug up all of the remaining roses from the sensory garden. The roses are going to be looked after by staff and put back into the school gardens when the new build is complete. Pupils also managed to save other plants, such as lavender, bamboo and wild geraniums. Nathaniel and Ryan had a real battle with several of the larger rose bushes. Noah was very careful to save any earthworms and other minibeasts, naming them and then moving them to a new location to keep them safe. After break pupils started the dig to bury the new lockdown 2020 time-capsule. The pupils carefully placed the time capsule into the newly dug hole and pushed back the soil before enjoying a good stamp on top to ensure the soil stays in place. It's difficult to believe that in 50 years' time, new students will be opening the time capsule and learning about our life during lockdown. We wonder what they will make of our PPE face shield, toilet roll and the work the pupils have all created. Thank you to everyone who has contributed.
