

Bourne in Lights

The Butterfly Project for Bourne in Lights took place on Saturday 19th March. Willoughby pupils had the opportunity to design colourful butterflies. These designs were digitised and included in the display, along with entries from other local schools in Bourne. The displays were projected on to buildings in Bourne. The event was successful and very well attended by the local community. We are hoping for the display to be shown in school to enable all our pupils to see their hard work and the impressive projection display.
