Sunflower Class

In Sunflower class we are practicing life skills- washing hands, making toast, washing up, making a drink and cleaning our teeth. Dusting and hoovering, folding clothes and drying the dishes are also skills we are looking forward to trying. We are loving it!

Protea Class

Following our science lesson in the paddock, in groups, we undertook a worm survey, which was very productive. We all found a variety of species. Teamwork was very evident as we took turns to either research the different types of worms we had found, dig for worms, or take photos of our findings.

Coffee morning – Wednesday 6th July with Elle Gilkinson from Kooth

Kooth is a free, anonymous and safe online mental wellbeing community for young people from the age of 11. There is opportunity to access support from trained counsellors. Academy staff have completed training with Elle and several pupils have attended a workshop in school to explore the ways Kooth can be used. We would now like to invite parents/carers to meet with Elle to find out more about this service through an informal coffee morning. This will involve key information sharing and an opportunity for families to chat and get to know one another in an informal setting. Please e-mail willoughbyenquiries@prioryacademies.co.uk to book onto the coffee morning. This will take place at Willoughby Academy 10.00am – 11.30am.
