A PRIORY ACADEMY

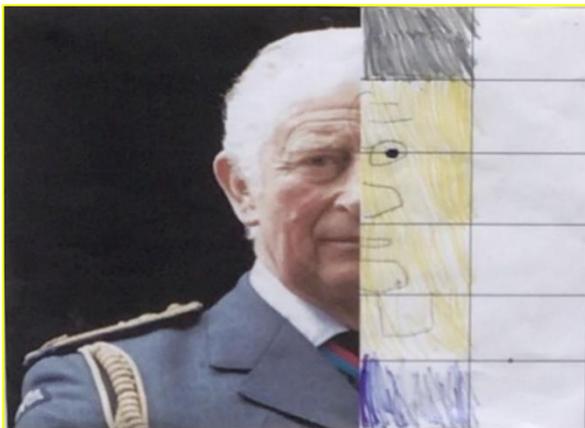

**Willoughby Weekly**

**Friday 12<sup>th</sup> May 2023**

We hope you all enjoyed the coronation weekend and enjoyed the extra bank holiday.

### **Venus Flytrap**

To celebrate the King's Coronation, we enjoyed a variety of activities in Venus Flytrap class. We learnt about Coronation Day and what might happen during the service. We thought of some amazing questions such as "How heavy is the crown?" We tested this out by finding the same weight in flour and sugar and balanced it on our heads. We created crowns, enjoyed themed maths activities, crosswords and stories. Finishing the day with a celebration event with our friends. Pupils in Venus Flytrap worked really hard to create the below portraits of King Charles III, we have shared a selection with you. Well done everyone, they look fantastic!

### Snapdragon Class

In Snapdragon class this week, we have been investigating the properties of materials, whether they are flexible, soft, transparent or waterproof for example. We have also looked at the differences between gases, liquids and solids and how temperature for instance can change these materials sometimes irreversibly.

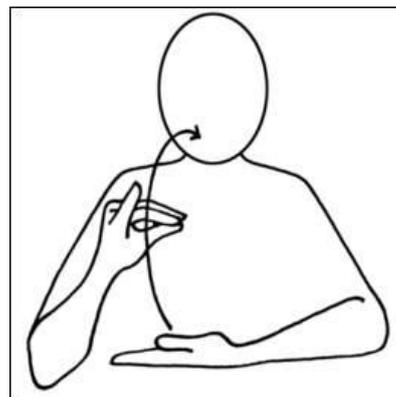

### Work Experience Update

Diontie and Gabriella worked well as a team on Wednesday morning when they completed their internal window cleaning work experience. They listened well and enthusiastically completed each window taking it in turns to sponge, then wipe off the residue.
